## Grayling Loses To Lewiston

Grayling's Independent baseball team suffered their fourth straight loss in league play at the hands of Lewiston there Sunday. The score was 13 to 5 in favor of the home town team.

Grayling collected 9 hits off the offerings of two Lewiston hurlers as against Lewiston's 10 hits but faulty fielding which chalked up 8 errors against Grayling for but two for Lewiston spelled the difference.

Bob Gildner went all the way on the mound for Grayling and struck out 4, walked 4 and hit one batter while giving up 10 hits. Tom Anthony was behind the plate for Grayling.

Selmer started on the mound for Lewiston and pitched for 3 and two thirds innings giving up 5 hits, 5 walks and striking out 4. He was relieved by Secriest who struck out 8, issued no walks and was touched for 8 hits.

Grayling scored 2 runs in the first inning added one more in the third and two in the fourth to complete their scoring. Lewiston made 3 in the first 5 in the second, 4 in the seventh and one in the eighth.

The leading hitters for Grayling were Tom Anthony with a triple, single and walk, Bob Gildner with a double, single and walk, Don Pero with a triple and a single, Bill Worden with a single and a walk, Don Anthony with a double, Glen Boger a single while John Niederer and George McEvers both worked a walk.

Grayling's strong Ona-way team at the City Park this Sunday afternoon with the game slated to get underway at 2:30 P. M. The following Sunday, July 1, Grayling travels to Cheboygan for their next game in the Northern Michigan Independent Baseball League.

Michigan led the nation during the amount of money received by county chapters from the National Foundation for Infantile Paralysis. During the month \$334,300 was sent to local chapters in the state whose funds had become exhausted by paying hospital and medical bills of polio victims.

But while Michigan girds itself for another polio season thousands of vacationers have begun pouring into the state from all over the nation. The tourist trade still is rated second most lucrative industry in the state.

But farmers continue to claim there is the second largest business in Michigan—probably right—but most officials figure agriculture doesn't fit the term "industry." First? Automobiles, of course.

The 1,683 delegates to the moral reform world assembly headed homeward after a 12-day conference at Mackinac Island ended on an excellent note. Says Rep. Louis (D-Mich.), "Moral Reformation brings together people in a common program for humanity."

Of the 159 persons drowned in Michigan last year, only seven were swimming at places set aside and designated for swimming. Level pits and the like took the lives of 122 persons.

Michigan State College has issued a plea to stop the flood of cash and checks piling up for tickets to the M. S. C. Notre Dame game Nov. 10. The stadium is sold out. Officials say it could have sold 100,000 seats. Michigan stadium holds some 55,000 persons.

The State Highway Department wants to run in the red for months and then appeal to the legislature. Commissioner Charles M. Ziegler says his department will fall \$6,000,000 short because of the peculiar effects of the new highway tax distribution formula approved by the legislature along with the 1 1/2-cent per gallon gas tax increase.

Meanwhile the Michigan CIO is fighting the gas tax boost with petitions for a referendum. If 10,000 signatures are garnered the petitions the tax will be dropped until after November when the citizens would have a chance to approve or disapprove the polls.

The \$5,000 to \$50,000 estimated toll in Michigan has been the state's largest starvation loss in the state's history. Searchers in the Conservation Department counted 1,345 carcasses in one alone. Loss is estimated at 100 deer per square mile in local areas.

Some 419,000 visitors reached Michigan state parks during week ending June 27-June 2, national park week. Attendance was Bay City, Grand Island Lake and Grand Haven.

Governor Williams still is booming the Lawrence Seaway project which would dredge out the Lawrence river and make it available to Midwesterners. Jointly sponsoring the Lawrence and Great Lakes states in Omaha, Nebraska, the Nebraska governor, says, "This conference gives to the people of inland states the first opportunity to place this issue squarely before them."

Michigan college graduates are fertile than those of the 47 states—if anyone is inclined. Population Reference Bureau says so. Matter of fact, class of '41 had so many more than graduates of other years it is known to the Bureau as the "Fertile Forty-One."

## Services Held For Jesse Easternman

Funeral services were held at the Free Methodist Church on Thursday, June 16 for Jesse Easternman, who passed away on June 14, en route by ambulance to the Saginaw Veterans Hospital.

The deceased had been suffering with a heart ailment for the past three years and had been confined to Mercy Hospital for several days before leaving for Saginaw.

Rev. Herbert Seebree officiated at the final rites and Mrs. Seebree sang, "Beyond the Sunset." Interment was in Elmwood Cemetery with members of the Grayling American Legion Post 106 serving as pallbearers.

The deceased was born in Ohio on March 30, 1898. He married Elizabeth Syron in New York on November 29, 1928, and lived in Georgia, Indiana and various other places in Michigan before coming to Grayling 6 years ago. He was janitor at Michelson Memorial Church for two years before ill health caused him to stop work.

He is survived by his wife. A stepson preceded him in death during the past year.

## Eighty Enjoy Father-Son Banquet

On Friday, June 15th, about eighty fathers and their sons gathered together at the Masole Temple to participate in a banquet given by the O. E. S.

A delicious dinner was served and a short program followed. The tables were decorated with low bowls of iris and each place was marked with carnations. The dining room was in charge of Mrs. Clarence Roberts and the kitchen chairman was Mrs. Russell Wright. Mrs. Eugene Papendick was ticket chairman and Mrs. Helma Post in charge of the program.

## BRADY-McCLAIN VOWS SPOKEN IN DETROIT

Mr. and Mrs. F. J. McClain Jr. are making their home at 18428 Rutherford Street, Detroit, following a honeymoon trip in New York City and the Eastern States.

They were married at Presentation Church, Detroit on June 9th at 9:30 in the morning by the Rev. Fr. J. McHan. The altar was graced with roses and spring flowers for the ceremony.

The bride, who was given in marriage by her brother-in-law, Bartlund Eldred of Detroit, wore a mauve suit and white accessories. Her flowers were white orchids and she carried a white prayer book. Miss Sally Lou Brady, sister of the bride was maid of honor. She was attired in a mist pink suit and carried a bouquet of asters and roses. Michael Brady, brother of the bride was best man. Bob Brady and Lee Witham of Detroit were ushers. Fifty guests witnessed the ceremony.

A breakfast was given in Windsor, Canada by the bride's family for the wedding party. Spring flowers, white carnations and asters and white candles decorated the table. In the evening Mr. and Mrs. Bartlund Eldred held a reception at their home for 100 guests.

The bride before her marriage was Miss Jeanne Brady, daughter of Mr. and Mrs. John Brady of this city. A 1940 graduate of Grayling High School she also attended Detroit Business Institute and is a secretary at the Chrysler Corporation.

Mr. McClain, the son of Mr. and Mrs. Floyd McClain Sr. of Lake Margrethe graduated from Grayling High School in 1940 and served with the U. S. Navy for three years. He is employed at the J. L. Hudson Company. Both young people are well known in Grayling having lived here until the time they graduated from high school.

Attending the wedding from Grayling were Mr. and Mrs. John Brady, Mr. and Mrs. J. McClain and Mr. and Mrs. Jo Brady of Gaylord.

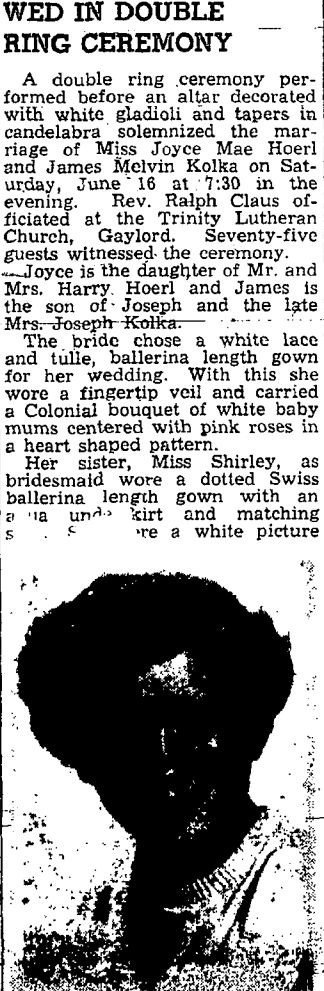

## WED IN DOUBLE RING CEREMONY

A double ring ceremony performed before an altar decorated with white gladioli and tapers in candelabra solemnized the marriage of Miss Joyce Mae Hoerl and James Melvin Kolka on Saturday, June 16 at 7:30 in the evening. Rev. Ralph Claus officiated at the Trinity Lutheran Church, Gaylord. Seventy-five guests witnessed the ceremony.

Joyce is the daughter of Mr. and Mrs. Harry Hoerl and James is the son of Joseph and the late Mrs. Joseph Kolka.

The bride chose a white lace and tulle, ballerina length gown for her wedding. With this she wore a fingertip veil and carried a Colonial bouquet of white baby mums centered with pink roses in a heart shaped pattern.

Her sister, Miss Shirley, as bridesmaid wore a dotted Swiss ballerina length gown with an "a" and matching shoes. She carried a white picture

Mrs. James Melvin Kolka

hat and carried a bouquet of white baby mums centered with yellow roses.

Pat Kolka of Bay City was his brother's best man. Donald Gehring and George Woods of Detroit seated the guests.

A reception for the seventy-five guests was held at the home of the bride's parents following the ceremony. The bridal table was graced with the traditional wedding cake and an arrangement of white gladioli.

Guests were present from Dearborn, Detroit, Melvindale, Mt. Clemens, Rosedale Gardens and Flat Rock.

After a weeks honeymoon trip to Ann Arbor, Mr. and Mrs. Kolka will be at home to their friends at Mt. Pleasant, where Mr. Kolka will attend Central Michigan College.

## Plan August Wedding

Mr. and Mrs. Edward P. Feldhauser of Maple Forest announce the August 11th wedding plans of their daughter, Gloria Jean and Edward Reihl, son of Mr. and Mrs. Reihl of Mt. Pleasant.

Gloria Jean is a graduate of Grayling High School, class of '46 and holds a B. S. degree from C. M. C. E., Mt. Pleasant.

For the past year she has been a member of the teaching staff at Boardman School in Traverse City.

## Name Hartwick Prison Camp

Michigan's seventh conservation prison camp which is located at the Hartwick Pines State Park near Grayling and is now being set up by a skeleton crew will be known as Camp Lehman.

It is named after Ray Lehman of Lansing who was killed in the sinking of a troop ship on the way to Iceland in 1943, according to Corrections Commissioner Earnest C. Brooks. Before entering the military service, Lehman was district parole supervisor at Detroit.

The crew will begin rehabilitation of old Civilian Conservation Corps buildings to eventually house 100 trusty prisoners who will work on state park, game fish, and forestry projects in the area.

S. J. Gilman, Brooks' assistant in charge of the camp program, said that 340 men are now housed in the six existing camps. The opening of two new camps will push the camp population over 500.

"The increase comes when it is needed most," he added. The total prison population of the state went to 9,025 June 1, the first time in many years it has topped 9,000.

## Air And Ground Troop Training Dates Near At Grayling

### 3 Ground Divisions 2 Air To Be Here

Starting date of 1951 field training for ground troops at Camp Grayling and Air National Guard fly into McNamara Field will be nearing. The first troops on the scene will be the 33rd Division from Illinois who will move into Camp Grayling on June 30 for two weeks training. They will be followed on July 22 by Indiana's 38th Division with Michigan's 46th Division moving into camp on August 1.

The first Air National Guard to fly into McNamara Field will be Ohio with 1,750 men on July 7. On July 28, 450 men of the Illinois Air National Guard will arrive at the Air Base. Both of these groups will train with P-51 fighter planes.

Work is progressing in fine shape at both Camp and Air Base to get everything ready for the troops. At the Air Base 293 "pram" tents and 35 squad tents with wooden floors have been erected for use of the troops in addition to the base's permanent housing. Also shower rooms with 48 showers and corresponding wash bowls are being erected along with 6 latrines to swell the Air Base's carrying capacity. An oil fired hot water heater has also been erected in conjunction with the shower and wash room. Nineteen local men have been working on the project for several weeks. The crew at the Air Base will be cut to one-half strength on July 1.

At Camp Grayling four new messhalls, four bath houses, 76 concrete tent floors and an addition to the camp commissary will have been added to the camp this year when the troops arrive. New transformers are being added to relieve the camp's overloaded light and power lines and oil-fired hot water heaters are being installed in the new bathhouses. Several roads in the camp area are being resurfaced and parking areas constructed to handle the hundreds of military vehicles. Also several new firing ranges have been added to the camp's training facilities.

## Customers' Corner

What do you consider good service in a food store?  
Do you get it at your A&P?

Of course, we expect all our employees to be friendly and courteous. But we think good service goes beyond that. We train our employees to be prompt, efficient, helpful and accurate as well.

Good service also requires that the store itself be clean, well stocked and well operated.

Any time your A&P doesn't measure up to these yardsticks of good service, our loyal employees want to know about it. Please write:

## History Repeats Itself

A national picture magazine recently ran a feature article on the founder of a chain store system which has grown from a single little outlet in a small Western town to a national institution. As part of an anniversary celebration, the founder returned to the town and once more sold goods behind the counter of the original shop.

This casts an interesting sidelight on the growth of retailing in America over the decades. Most of the chains started in an extremely modest way. So did the great department stores, supermarkets, and other retail businesses. The majority of the men who have risen to high executive positions in retailing began as clerks, warehouse attendants, delivery boys, and so on. It's the old American story, found in all enterprise, of small beginnings and great achievements.

In a free economy, history repeats itself. Many a store which only a handful of customers know of today will be a colossus on some future date. When that happens, it's no accident. A man has ideas, energy, ambition. He knows how to attract and hold customers. His goal is to do a little better job than his competitor down the street. He isn't afraid of work. The going may be rough, but he keeps on plugging. More people come in, more goods are sold. The man who does the best job wins.

There was once a fear that the chains would run the independents out of business. Time proved how needless and wrong that fear was. The independents met the new competition, held their own, and prospered and grew right along with the chains. That's how matters always turn out in an economy which encourages initiative, and gives every man a chance to go as far as his abilities can take him.

Buick's newest engine—the F-263 Fireball—gives this year's SPECIAL the highest power in SPECIAL history

Remember—only BUICK has a  
FIREBALL ENGINE

WE get a chuckle, sometimes, over all the fuss that's being made about "new engines."

You'll note that the key feature of their design in every case is the valve-in-head principle—whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this:

No other type of engine has ever been used in a Buick—which means that Buick owners, all along, have

When you come to check the field you'll find that there's a sweet freedom from roughness to this engine's operation—tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Micropulse balancing after assembly.

been getting a lot of things that others have just "discovered."

But that's not all. They get something more—vastly more—because today's Fireball Engine has one standout feature found in no other automobile.

That name "Fireball" isn't just a

trick word. It describes what happens in this engine. Inrushing fuel rolls into a swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

### NYC Timberliner To Run Again

New York Central service to the Northern Michigan resort area will be expanded Friday, June 22, when The Timberliner begins operation between Detroit and Mackinaw City.

The popular Timberliner will operate northbound from Detroit's Michigan Central Station every Friday through Aug. 31, leaving Detroit at 5 p. m. and arriving at Mackinaw City at 11:59 p. m.

It will operate southbound Sundays from July 1 to Aug. 26 and also Labor Day, Monday, Sept. 3, leaving Mackinaw City at 4:30 p. m. and arriving in Detroit at 11:30 p. m.

The resort train will have reclining seat, air-conditioned coaches and a tavern-lounge car. Stops will be made in both directions at Woodward Avenue in Detroit, Rochester, Lapeer, Vassar, Bay City (West Side Station), West Branch, Roscommon, Grayling, Gaylord and all stations between there and Mackinaw City. This service is in addition to the daily overnight pullman and coach train in each direction between Detroit and Mackinaw. On the overnight train, additional pullman service will be provided during the summer months beginning Friday (June 15).

### 4-H Judging Contests Offer Many Awards

Every boy and girl likes to come out on top in a judging contest. However, win or lose, it's an important experience because it helps youth to learn values.

All 4-H Club members are urged to take part in judging contests—the more the better. It is pointed out that without a knowledge of values a person is seriously handicapped in producing, buying or selling. Training in judging is the most certain and least costly way of learning what is best.

These are three rules to follow if the youthful judge wants to be "on top" in the next livestock judging contest.

You should (1) know what you're judging, (2) Be quick and sure when making your placings, and (3) convince the judge your reasons are sound.

Here's a fuller explanation of this advice:

First, know what you're judging. The contestant who guesses never takes high score. If you call a cow's brisket a "part of the chest," you're on the way out.

You must prepare seriously for the contest. Study your bulletins, study the scoring sheets, spend a time studying the project itself, and spend a lot of time practicing by yourself.

Now, point No. 2. Be quick and sure in the judging ring. Usually, you'll have 10 fast flying minutes to place a class of four animals. If you're a "wavering Willie" about making decisions, you're a dead duck in front of the judges.

When judging livestock, you should stand back a distance of 20 feet from the class to get an overall view. Then stand close in to pick up the details, and only now start jotting down placings.

The third and last point is—convincing the judge your reasons are valid. In most judging contests good reasons count as much as the correct placing. What interests the judge is how much you know about the class you judged and how well you used that knowledge. Put your points down neatly and clearly when writing reasons. A blotchy page shows indecision. When giving oral reasons, make short statements and to the point. Show confidence in yourself.

Those rules hold true not only for livestock judging but also for any other judging contest.

County winners in judging contest get a trip to Gaylord Camp. Winners at Gaylord Camp win trips to the State 4-H Club Show. State winners are awarded trips to Chicago, the National Dairy Show or Bond awards depending on the judging contest.

Any Club member can win one of these contests if they have the desire to win and will take the time to practice and develop their skill and experience.

heart trouble. She was known to many Frederic residents and loved by all. Mary is in Detroit caring for her mother.

Henry Fryer and Earl Brown from Owosso spent several days at their cabins in Frederic. Earl is still making improvements on his new home.

Glen Striggen from Owosso also spent the week end here.

Visitors at the Jay Wilcox's over the week end were their daughter and family, Mr. and Mrs. Archie Boyce, Jr., and son, Ronnie, from Oregon, Mrs. Boyce, Sr., from Bay City, and Vern Burke from Pensecola, Florida.

The Gabriels in Frederic also had company. Clarence's sisters, Peg Tobey and Betty Thayer from Indiana made them a nice visit.

The newlyweds, Eileen and Billy Tobin had a beautiful wedding followed by a reception at the home of her parents, Charles Madills and they are now on their honeymoon trip.

Although Mabel Crooks is entertaining the "flu" she is busy at the Watershed Club House as several members are present.

The touching event of the week end was when Frank Holka, a very well known and respected 69 year old resident of Frederic walked into the path of a car driven by Thomas Quinnan of Detroit near Leng's Garage. Tom wasn't driving fast and just couldn't avoid hitting Frank. Authorities say says he was killed instantly and death was accidental. Frank had the misfortune of being in a saw mill years ago, when the boiler blew up, causing him to almost lose his vision. Frank was honest, ambitious and always said hello and had a good word for everyone while in Frederic. He and two brothers formed an orchestra. Wherever they furnished music, everyone was there, he could play that "fiddle," the organ or other instruments and was especially good on an accordion. He was also a very clever for those quadrilles and other dances. A few years ago a fire caused him the loss of his home, instruments and everything he was so proud of, but having lots of friends, one especially, Al Kaiser, gave him a life lease on a home besides helping otherwise. Others gave furniture, etc., and Frank continued on his vision. Each year many tourists stop at Frederic and inquire about Frank and insist on seeing and paying their respects to him. He was a resident of Crawford County 35 years. He has two sisters and four brothers, all living. John and Peter of Kawkawlin, Tony of Beaverton, Bars of Newberry, Mrs. Josephine Walters of Bay City and Mrs. Mary LaMaria of Bay City, also several nieces and nephews, and many friends, who dearly loved him. Besides these relatives he leaves a wife, Alice, who surely has all our sympathy. Funeral services were held Tuesday at 2 P. M. at the Sorenson Funeral Home in Grayling and burial in the Frederic Cemetery. Frank is gone but not forgotten.

Charlotte Sweet from Flint is caring for her mother, Alice.

*The American Way*

In Michigan the game of golf is gaining in popularity every year. It's a healthful, companionable game. And it's "The American Way," after reaching the 19th Hole to relax and enjoy a cool, sparkling glass of Michigan brewed beer.

For beer is the kind of beverage Americans like. It belongs... to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs... to our own American heritage of personal freedom. *Beer Belongs... Enjoy It*

### "Joe's experience sold me!..."

I'd been passing up the Blue Cross-Blue Shield protection we can get through our company—until I saw how those plans helped him when he needed it."

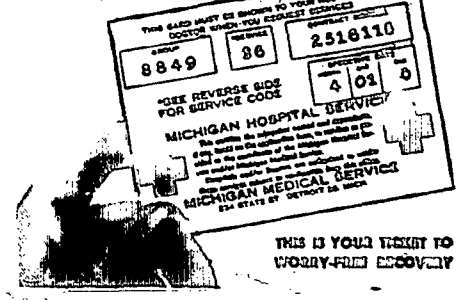

"When Blue Cross and Blue Shield were made available where I work, Joe signed up first thing. I held off, myself. Figured I didn't need the protection—we're pretty healthy in our family—and I'd 'save' the few cents a day it costs.

"But last year Joe had to go to the hospital for quite a stay. He needed all kinds of drugs and treatment. Then his little girl was taken sick and went to the hospital, too. Joe admits he'd be in debt today if it weren't for the way Blue Cross covered the...

... hospital bills—and Blue Shield paid for most of the medical and surgical treatment. Joe's case opened my eyes... I signed up my whole family at the next enrollment period. It doesn't pay to pass up that kind of protection!"

And remember—a Blue Cross-Blue Shield Membership Card gets you admitted to a participating hospital without red tape or cash deposit. And afterwards, there are no claims to file, because Blue Cross-Blue Shield pay hospitals and doctors directly.

### How about you and your family?

Gasoline prices went up—as advertised—after the legislature passed the 1½ cent boost over the governor's veto. Here the G. O. P. logic in approving the law broke down.

Republicans had said the oil companies would absorb most of the price rise to keep intra-state prices on a par. The companies categorically refused, despite pleas from the governor.

The C. I. O. in opening its campaign to put the issue on a referendum says the law is "Picking the workman's pocket." They of course favor Williams' corporation tax.

A state police racket squad has been created to suppress gambling and narcotics peddling in the state.

As predicted in this column two months ago, Williams and Donald S. Leonard, state police superintendent, announced the formation of a special squad to work with local law enforcement officials.

Prior to this time, all of Michigan outside of Detroit had to depend on federal officers.

After surviving two years of worker's strikes, the Bell Telephone company seeks \$22,000,000 increase in rates to restore its 15 per cent standby margin for expansions and increased service.

Says a company spokesman: "We still have 18,000 unfilled orders and 132,000 customers who want better service."

Term of Schuyler L. Marshall of St. Johns, a former newspaper publisher, on the Michigan Public Service Commission will expire early in July.

Democrats now hold two out of three offices on the commission. The state conservation commission is bipartisan.

If Williams appoints a third Democrat to the utility body, the commission would be 100 per cent under his control. Re-appointment of Marshall would still leave Democrats in a majority.

While Williams was signing four minor measures to help restrict welfare chiseling, investigators

of the State of Michigan, Judge of Probate, in the Matter of the Estate of Addison M. Lewis, deceased.

It appearing to the Court that the time for presentation of the claims against said estate should be limited and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said Court.

It is Ordered, that creditors of said deceased are required to present their claims to said Court at said Probate Office on or before the 20th day of August, 1951, at 10 o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once in each week for three weeks consecutively, previous to said day of hearing, in the Crawford Avalanche, a newspaper printed and circulated in said County.

Ray F. Clement, Judge of Probate.

uncovered another case where school administrators were padding school enrollment records to get additional state aid which is given on a per-student basis. Just who can we trust?

With Washington still tossing universal military training around like the hot potato it is, Michigan got its smallest draft call in 18 months. In July 1938 Michigan men will get the nod from Uncle Sam. Although there is no understanding the moods of draft officials, the number demanded seems to run in direct proportion with our successes in Korea.

Labor has been accused of impairing chances of an effective inflation curb. Says Lambert H. Miller, general counsel of the National Association of Manufacturers: "The walkout of labor members of the wage stabilization board after adoption of the 10 per cent wage formula 'catsup' program in February put an end to effective wage stabilization."

The new \$5,000,000 state office building has been officially approved by Washington. Occupants now living on the site immediately west of the capitol building have been notified to vacate and bids for construction will be taken June 30.

Poor weather, uncertain labor and new government orders have cherry farmers in a sweat this year. A fall of 14 to 15 is expected in volume. Last year the Grand Traverse region produced 90,000,000 pounds of the fruit.

School districts now must levy five mills in local taxes to be eligible for state benefits. Pre-

viously only four mills were required. Not many school districts will suffer under the law—most expected the bill to pass and made allowances.
